VALUABLE PLANTATION FOR SALE!

ON THE SECOND THURSDAY IN DECEMBER, that being the 13th day of the month, I will sell to the highest bidder, upon the premises, that desirable

COTTON PLANTATION,

lately owned, and resided upon, by Miss Elizabeth Hinton, dec'd.

The tract is situated on Neuse River, six miles East of Raleigh, on the Tarboro' Road, adjoining the lands of David Hinton. It contains

ELEVEN HUNDRED AND NINETY-FIVE ACRES, of land,—from THREE TO FOUR HUNDRED of which are cleared. About 100 acres are fine low grounds, not liable to over-flow. This is considered one of the best Cotton Plantations in the County, and the bottom land will always produce enough Corn to sustain it.

THE IMPROVEMENTS

consist of a handsome Dwelling House, containing seven rooms, located on a commanding site. There are three frame houses also on the premises, with two rooms each, and all necessary out-houses, cabins, barns, gin house, carriage house, &c.

As this land will be sold on the liberal credit of only one-third cash, the balance payable in one, two and three years, a rare opportunity is afforded to parties wishing to purchase a first-class farm.

Personal security will be required, and title will be with-held until the last payment is made.

NOTE.—This Land will be divided into three tracts, the House-tract 600 acres, another tract of 350 acres, and another of 243, plots of which may be seen at my office above Creech's Store.

INFALLIBLE YEAST POWDERS.

Scientific men, who thoroughly understand the subject, concur with great unanimity in saying that nothing exerts such a deleterious influence against health as bad bread. The remedy is at hand in SIMPSON'S INFALLIBLE YEAST POWDERS, the value of which is thus certified:

RALEIGH, Aug. 24, 1866.

I have tested the Yeast Powders you manufacture and can recommend them as vastly superior to any other ever used by me. In addition to the lightness and sweetness of the bread, the powders are economical, as one-third the lard usually required will answer in the making of either loaf bread or biscuit. For pastries and cakes they are excellent.

VIRGINIA A. ORR.

The price of these powders per package is 25 cts. or 75 cts. per pound. To be had at **Wm. Simpson's** Confectionary Store, Fayetteville Street, Raleigh, N. C.

RALEIGH, Aug. 23, 1866.

This is to certify that I have used Mr. Simpson's Yeast Powders and find them to be superior to any I have ever used. After trying them *once* no housekeeper will be satisfied without them.

MRS. S. D. HARRISON.

RALEIGH, Aug. 23, 1866.

I have tried Mr. Wm. Simpson's Yeast Powders and find them very good. L. M. TUCKER.

Having been appointed agent for the above Company, I respectfully call the attention of the citizens of this section of North Carolina, to the fact that this is a Southern Company with an authorized Capital of **$500,000**. It's business is ably conducted, by influential, reliable and wealthy citizens of Tennessee.

It has the finest references, and has always been exceedingly prompt in its payments, as can be shown by its records, being sustained by wealthy gentlemen.

It takes both Life and Fire risks on terms as low as any Eastern Company.

THE SENTINEL.

WM. E. PELL, SEATON GALES. } Editors.

Thursday Evening, Nov. 29, 1866.

Repudiation.

We publish to-day a communication signed "Hertford," from a gentleman of age and experience who claims it, on that account, and because both sides should be heard. He disclaims being a repudiator, but urges the arguments and pleas of all the repudiators. We are as deeply interested in the relief of the people as he or any other man can be, yet we have failed to discover the honesty, patriotism or justice which must be obtained by a positive violation of the Constitution of the United States and those sound principles of honor and personal integrity, which are inculcated in the Word of God. We know no "higher law," nor no law of *necessity*, which the Book of Books does not allow.

If the National government at the same time it destroyed our property, forced us to abolish slavery, and to repudiate the State war debt, had absolved every man and State, so forced, from indebtedness, them no complaint could have been urged against individuals for the non-payment of their debts. But the course of the government is no legitimate plea for the non-fulfilment of State or individual obligations whom are able to pay. *If we are not able*, then the question ends; but still as honest people we are obliged to do the best we can. Creditors were as much injured by the results of the war and the action of the government, as debtors. Our losses are general, and are the results of the wise or the foolish course of the Southern States. We determined to take the consequences of revolt, and however unjust or unwise the action of the government may have been, the results are no worse than we were advised they would be, if we failed in our attempt. Hence it strikes us, that upon this plea, our complaints are not legitimate. But look at the consequences, if we attempt repudiation or any course which absolves debtors from just and legal responsibility, without the consent of creditors. Look at the thousands of widows and orphans, entirely innocent as to the war, from whom every vestige of support is to be swept, if we repudiate? If a plan could be devised by which sharpers, shylocks and skinflints could only get their *just* dues, then it might be done, if we could devise an honest or constitutional plan of effecting it.

We repeat what we have often said, our people *must* have indulgence and protection from skylocks, and then the creditors in view of our condition, should be ready to compromise and sympathise with the debtors.

"Gov. Worth's Organ."

The *Standard* has repeatedly called the *Sentinel*, Gov. Worth's organ, and we have as repeatedly denied it. In reply to an article of ours in relation to Hon. John Pool, it again speaks of this paper as Gov. Worth's organ.—We re-affirm what we have often said, the *Sentinel* is an independent journal, and utters editorially the views of its editors only. Whenever we speak, by authority of Gov. Worth or any one else, we invariably say so in direct terms. We know that the most friendly personal relations exist between Gov. Worth and *all* the gentlemen who were voted for for U. S. Senator by the Legislature, and all of them, Mr. Pool included, who were nominated and voted for as Senator, voted for Gov. Worth at the late elections.

We know also that Gov. Worth entertains the highest respect for the loyalty and good sense of the General Assembly, and in its ability to elect proper persons to fill any post in their choice, and, therefore, has not attempted, nor will attempt, to influence their action in the election of any officer. Were he to do so, we should be foremost to condemn his course. He has his opinions and is entitled to them, and will not hesitate to give them when called on, but in no instance has he or will he use the influence of his position, to effect the election of any officer of the State. We are quite sure none of the candidates in this or in any other case, would desire him to act otherwise.

We have just space to say *this* much. At another time, we shall ventilate the *Standard* of to-day, in more particulars than one. Its madness and bad temper and mischievous course, require depletion and the cold water bath.

SOUTHERN OPINION.—The New York *Times* under this head, publishes a most able and interesting letter from Hon. D. L. Swain, of our University to Hon. B. F. Perry of South Carolina, on the proposed constitutional amendment. We shall take pleasure in laying it before our readers as soon as possible.

GREENSBORO FEMALE COLLEGE.—We hope our readers, who are interested in the rebuilding of this institution, did not fail to read the appeal of Rev. A. W. Mangum, in our yesterday's issue. The object of the friends of that institution commends itself to the sympathies of all who are interested in female education in this State.

NEW SCHEDULE.—The reader's attention is called to the new schedule of the Raleigh and Gaston Railroad, by which the passengers are not delayed here now as heretofore. The route North is now unobstructed by delays.

We would specially call the attention of the Post Master General and all concerned to the delay of the Northern mail at this point, some 12 or 14 hours. Now that the R. & G. R. R. connect at night here with the N. C. R. R. mail train, it is manifestly proper that the mail should go on at once, instead of being detained here that length of time.

THANKSGIVING DAY.—The day has been generally observed in this city. The Churches were open for morning service, and the stores and places of business generally closed. Circumstances imperiously prevented a suspension of the *Sentinel* to-day.

State Agricultural Society.

RALEIGH, Nov. 27, 1866.

The N. C. State Agricultural Society met this evening, in the Hall of the House of Commons, at 7 o'clock.

The President, Dr. W. R. Holt, took the chair, and after adverting to the sad causes which had interrupted the annual meeting of the Society and the State Fairs for the past six years, he congratulated the Society upon its present meeting, and spoke of the pleasure it afforded him to meet them again, and the importance of renewed and united efforts, to foster the interests of the Society and restore it to its former prosperity and usefulness. Every man, woman and child in the State, was more immediately interested in the success of the Society than at any former period, and he hoped there would be a corresponding interest manifested by all, and that every county in the State would form auxilliary Societies, and be represented hereafter in our annual meetings. He suggested that measures should be adopted to secure that object, the restoration of the Fair grounds now occupied by the military authorities of the United States, and a sufficient sum to put them in order, and to insure the usual aid extended by the State, viz: $1,500.

There not being a quorum present, on motion of Maj. R. S. Tucker, the by-law requiring annual members to pay $2 was suspended, and all present were invited to become members of the Society, with the privilege of paying the fee at the next annual Fair. A large number responded.

On motion of Gen. W. R. Cox, all the old officers were re-elected by acclamation.

President, Dr. W. R. Holt; Vice Presidents, Dr. E. A. Crudup, S. F. Patterson, R. R. Bridgers and W. B. Wadsworth; Treasurer, Fab. J. Hutchins; Recording Secretary, P. F. Pescud.

The President appointed the following gentlemen to constitute the Executive committee, viz: Gen. W. R. Cox, Maj. R. S. Tucker, J. W. B. Watson, David Hinton, W. R. Pool, D. M. Barringer, of Wake, Dr. J. E. Williamson, of Caswell, Thos. Walton, of Burke, P. E. Smith, of Halifax and J. L. Bridgers of Edgecombe.

The following resolutions were adopted:

On motion of Maj. R. S. Tucker, a committee of five were appointed to confer with the military authorities and to request them to restore the Fair grounds to the Society. Committee, Messrs. Tucker, K. P. Battle, Russ, Cox and W. D. Jones.

On motion of G. W. Whitfield a committee of five gentlemen were appointed to correspond with the Presidents of the several railroads, in the State, on the necessity and importance of reducing the freights on Fertilizers and agricultural implements to the lowest rate practicable, and to report the result as soon as possible to the Executive committee for publication.—Committee, Messrs. S. S. Royster, J. D. Whitford, D. M. Barringer, R. S. Tucker and J. M. Towles.

On motion of G. W. Whitfield,

Resolved, That the Executive committee be instructed to communicate with the chairman of the County Courts in the State, urging them to have their respective counties represented at the annual meetings of the Society by one or more delegates.

Resolved, That a committee of three be appointed to investigate the subject of producing Fertilizers in this State, to be sold to the farmer at a fair remuneration. Committee, Messrs. G. W. Whitfield, D. M. Barringer and J. L. Bridgers.

On motion of Gen. W. R. Cox,

Resolved, That after the committee appointed by the President, to confer with the United States authorities, in relation to the Fair grounds, shall have reported to him, that the same are ready to be re-occupied by the Society, that he appoint two or more discreet and energetic persons in each county, to canvass their counties for the purpose of obtaining the necessary funds for putting the grounds in proper condition.

Resolved, That these parties be requested to report to the Treasurer of this Society (F. J. Hutchins,) as early as practicable, the success of their efforts.

The Society were entertained by interesting addresses from the following gentlemen, viz: The President, Dr. Holt, on the cultivation of the *Grasses*—Improved Mowing Apparatus and other Agricultural Machinery, which he has used with abundant success.

Gen. Cox urged the importance of united and increased efforts,—a liberal contribution of time and money to re-establish the Society and make it the pride of the State. He pledged $50.

Maj. J. P. H. Russ made some remarks in that happy manner peculiar to him, on the pleasure it afforded him to see the Society rejuvenated and re-established on a firm basis, and also pledged $50.

Mr. Woodard said old Edgecombe would rejoice to learn the State Society was re-organized, and arrangements would be made to have an annual Fair at the appointed time, and that no county in the State felt a deeper interest in the success of the Society, or would make more liberal donations to insure it. He also pledged $50.

Mr. G. B. Harris made an extended speech on the folly of any longer relying upon negro labor in the cultivation of the soil, the establishing of manufacturing establishments and the building up of our towns and cities, and urged upon the Society the great necessity and importance of offering inducements to foreigners and other white laborers, to settle in our State, and he hoped measures would be instituted at once to induce them to come without delay.

The Society was much interested in the remarks of Mr. G. W. Whitfield on the subject of Fertilizers, and the necessity of urging the Railroad Companies to put down the price of transportation on them and farming implements. He alluded to the vast amount of shells and salt on our coast, which, at a trifling expense, could be converted into rich manure at a smaller cost, than much that was imported into the State at a higher price. He hoped gentlemen of enterprise would seriously consider the subject and report the success of their experiments at a very early day.

Hon. D. M Barringer enlivened the meeting with some very appropriate remarks in which he exhibited unabated zeal and interest in the welfare of the Society.

There being no further business, the Society, on motion of Maj. Russ, adjourned to meet on 18th October, 1867.

W. R. HOLT, *President*.

P. F. PESCUD, *Secretary*.

The papers of the State will please publish.

For the Sentinel.

MESSRS EDITORS:—You will please allow me a small space in your Daily, through which I wish to communicate a very few thoughts to the public.

It is a fact, well known to the thoughtful and reflecting people of the South, that the late disastrous war has rendered our situation, as a people, anything but enviable. It is generally believed that the present indebtedness of the people of this State is such, that should the effort to collect, on the part of the creditor, be general, the result will be disastrous beyond description. What, then, is the best method to pursue, to ward off the impending bankruptcy of the almost entire community? This is an important question, and one which I should be much pleased to have satisfactorily answered. True, we have what is called a stay-law; but it seems to me the people will be but little benefitted by its operations, for there appears to be a pretty general disposition, on the part of creditors, to rush to the law, for the purpose, (as they say,) of ascertaining what claim is good, and which is insolvent, running the poor helpless debtor to unnecessary costs, which, if the creditor would act wisely, he might, in time, by friendly and judicious management of the debtor apply to his own benefit; thereby not only saving the feelings of the honest debtor, who is trying hard to pay what he owes, but saving the costs to him, which he would doubtless feel glad of having it in his power to pay to his kind creditor. If there were that amount of human kindness in the bosom of our fellow man, that would enable him to extend to his unfortunate fellow the principles of the golden rule, bad as our situation is admitted to be, I entertain not a doubt, that by the energy and industry of our people being brought to bear upon the limited resources which have been left them by our late struggle for independence, they would in a few short years be enabled to meet all their liabilities. But in the absence of even a slight hope that the pure milk of human nature is covering the veins of many of our bond-holders, what will the people do? Echo answers *what!*

The most unobservant must see, that if these hungry money lovers, and heartless worshipers at the shrine of mammon, are allowed to prosecute their designs, the entire country, save the few who have been more fortunate than the masses, will be utterly bankrupt. Witness, for instance, the situation of the good people of Alabama and South Carolina at this time. Men there, who, prior to the war, were wealthy, saved nothing in the general wreck but their lands, which have recently been sold from them by the Sheriff, at not, perhaps, one hundredth part of the amount paid for them in better times. These are facts sad to contemplate.

There has been a good deal said, recently, about repudiation. This I am opposed to on principle. I believe it to be unconstitutional, and therefore oppose it, but if no other means can be obtained at the hands of the creditor, if he is not willing to compromise with his honest and willing-to-pay debtors, if it were in his power to do so, I say make him loose the entire debt, and for the following reasons, to wit: I said I was opposed to it, and so I am, if I can do any better. If I am not mistaken, Mr. Lincoln, late President of the United States, in his first inaugural address to the two Houses of Congress, said "he had nothing to do with the institution of slavery in the States where it existed," &c. Why did he say this? Evidently because he knew the Contitution of the United States forbade it. The fundamental law of the land was at war with such an idea. Why, then, did he issue his proclamation, saying to the world that slavery should be abolished at a time therein specified? He had, as above stated, ignored its constitutionality. He said it became a *military* necessity, and to save the Union, he took from us of the South our property, thereby placing it out of our power to pay our debts, which were honestly contracted and upon the credit or faith of that very property, which he has thus summarily divested us of. Now, Messrs. Editors, I think there is, to say the least, some plausibility in the idea, that we have arrived at such troubulous times, that although we ignore its constitutionality with all our hearts, we see a *pecuniary* necessity for repudiation.

The United States Constitution is but a bit of parchment, containing, what used to be honored by us all, but now, alas! with many it seems to have become a dead letter. This being the case, I have arrived at the conclusion that the State of North Carolina has as much right to set aside the teachings of her constitution for the time being, for specific purposes, as has the Congress of the United States to set aside that of the nation. Let us, therefore, act upon the policy of the late President, and if the creditors cannot be brought to reasonable terms with the honest and willing-to-pay debtor, let us make him lose the whole debt. The people are "the many headed" monster,—*they* make constitutions and they make laws. Something must be done and that soon, or our people are ruined. For one, I am willing to any plan that can be adopted for the relief of the masses.

THE SENTINEL.

Thursday Evening, Nov. 29, 1866.

LOCAL DEPARTMENT.

NEW ADVERTISEMENTS.—R. B. Andrews & Co, it will be seen, are constantly receiving goods in their line. They are enterprising and willl meet all demands upon them promptly.

Notice Col. Bingham's advertisement, who can well recommend a lady teacher, and so can we.

Mordecai Sears, of Chatham, again advertises his stolen horse.

The annual Musical Institute under the charge of Prof. Wilson will be opened on the 1st of Feb. 1867. It will be well patronized no doubt.

Thos. Smith, merchant, Petersburg, advertises unprecedented goods.

Goldsboro' Female College now under successful operation under the charge of Rev. S. M. Frost, will form new classes the 1st. of January. It is an excellent institution.

Application will be made for a charter for Rocky Mount Manufacturing Company and also for a charter for Kittrells Springs Female College, during the present Legislature.

The President of the Wilmington & Manchester R. R. notifies bondholders that interest due on certain bonds will be paid by Messrs. Jessup & Co. New York. See advertisement.

W. T. Plummer & Co. Petersburg, offers for sale a fine lot of Buggy Wheels.

Remember that the Griswold Hotel property at Goldsboro, will be sold on the 1st of Jan.

THE BASE BALL MATCH GAME.—This game is in progress while we write. We shall not be able to report the result this evening, yet we should not be surprised if the "Pioneer" Club is again victorious. We learn that a dinner is to be given by the "Pioneer"Club at the Yarborough House this evening. Mr. Riddick, the host, will no doubt do himself and the ancient fame of the House, full credit.

P. S. The latest news from the game is, that the Chapel Hill Club, is ahead.

Dr. Gardner, whose card has appeared in our columns for some time is in the city, and a number of persons with diseased eyes and difficult hearing are calling on him we learn.

COUNTY COURT.—This Court has been in session during the week. A number of cases have been disposed of.

The Court met this morning for the purpose of examining into the condition of the County jail and making some arrangement for the prisoners, it being reported that a case of Small Pox had broken out. Having transacted this business, the Court adjourned over to pay a proper respect to the day, it having been set apart by the President of the U. S. and the Governor of this State, as a day of thanksgiving and prayer.

We are glad to state, that Dr. McKee, and Dr. Westmoreland, of the U. S. army, made a thorough examination of the reported case of Small Pox, and found it to be aggravated erysipelas. The Court has ordered the jail to be thoroughly cleansed, and then white-washed once a month until further orders. Crime has increased to such an extent in this community, that the jail arrangements are not sufficient, and the old Court system is totally inadequate to meet the requirements.

CORRECTION.—A. C. Latham, Esq., the member from Craven, was reported in the ballotings of Tuesday for U. S. Senator, in the House, as having voted for Hon. W. N. H. Smith on the fourth and fifth ballots. This is incorrect.—Mr. Latham voted on both ballots for Judge Manly, but on the fifth ballot after voting, changed his vote to Mr. Smith.

Dr. J. H. Baker, of Edgecombe, is reported as Mr. Latham was. This is also incorrect. He voted precisely as Mr. Latham did.

THE LAST NINETY DAYS OF THE WAR IN NORTH CAROLINA, by CORNELIA PHILLIPS SPENCER. New York, Watchman Publishing Company, W. H. Chase, Publishing Agent, 1866.

This is the title of one of the neatest and most interesting volumes we have seen for many days, from any of the presses of the country.

It was originally published in part, by its accomplished authoress, Mrs. Spencer, of Chapel Hill, of this State, in the form of letters, and published in that excellent weekly, "The Watchman," of New York, edited by Rev. Dr. Deems. Through the urgent solicitations of friends, she was induced to revise and enlarge it, and finally consented to its publication in this form. The Editor, Rev. Dr. Deems, has added several notes, embracing important facts.

It is a most thrilling and eloquent narrative of those "piping times," so full of suffering and gloom to our distressed people. It is moreover truthful, as thousands can testify, and she has attested her statements by most important and interesting documentary evidence. It is a most valuable and timely contribution to Southern literature. We shall be greatly mistaken, if the entire edition is not sold off in a few weeks, and that the people of North Carolina alone, will call for another speedily. Indeed, the events which it narrates and the style of the book, it seems to us, will make the demand very great, requiring not only a still more durable edition, but one gotten up in the cheap popular style of a novel, to be read by travellers everywhere. This edition is almost faultless.

This copy is rendered the more acceptable to us, by the fact, that it has been sent us by our excellent friends, Messrs. E. J. Hale & Son, late editors of the Fayetteville *Observer*, but now wholesale Booksellers and Stationers, 490 Broadway, New York, who are prepared to furnish single copies of the book, by mail, postage paid, at $1,50, or who will supply the trade on liberal terms to any amount for cash. Indeed, the Messrs. Hale are prepared to furnish any book, or article in their line, at short notice.

For the Sentinel.

Agricultural Scrip.

MESSRS. EDITORS:—The policy proposed by "Equity" for the disposal of the fund for Agricultural Education in N. C. will result in filling North Carolina with one-horse Colleges, as it has resulted in other States in our country. So that any Methodist in North Carolina who wants a proper education as a farmer, will have to resort to other States to secure it. With the utmost economy, and by giving the whole of the money realized by selling the lands given by Congress to one institution, already furnished with buildings, Libraries and apparatus, the intion of Congress will be barely fulfilled. The policy for the Legislature is clearly to give the money in one mass to one Institution, either to one of those already existing, or one to be yet created. When Holland and Prussia had been exhausted by long and awful wars, they each established one first-rate Institution, whereat the mind of the Nation might be thoroughly cultivated. Let North Carolina take a lesson from the exceedingly brilliant success of this policy. UNITY.

It strikes us, that the true policy of the Legislature is to let the scrip remain unappropriated at present. Its present value is not one half what it ought to be, and what it will be in a few years. Further, we do not believe that the objects of the Congress can be carried out properly, by dividing the scrip among the several Colleges of any State. We judge that the design of Congress was the establishment of one Agricultural and Mechanical School where these arts, as well as other literary and scientific subjects, shall be taught thoroughly, scientifically—theoretically and practically. Hence the lands, and grounds of the institution should be good and capable of the highest improvement, conveniently located on one of the great thoroughfares of the State, of easy access to all persons and to the markets of the world. We, therefore, doubt the policy of attempting in this country, to connect *directly* such a design, with any purely literary institution whatever. If the expectation is, that the students shall learn to labor practically at farming and mechanics, the attempt to mix them with purely literary students would be a failure.

The subject, however, is one which requires the exercise of much thought, and the soundest discretion and wisdom; and we therefore suggest that nothing should be done hastily or unadvisedly. We believe that it is the interest of the State to foster the University and every College and Seminary in the State; that we should never stop until our University shall be made a *University* in all respects, and *the best in the land*, and that every College and Seminary should be made to equal and exceed, if possible all others. This will require time and labor and the encouragement of the State.

But in regard to the "agricultural scrip," we believe it should be appropriated to the founding of one great institution, if possible, where the young men of the State can be thoroughly instructed in agriculture and mechanics, as well as in all the essentials of a liberal literary education. The great change in the domestic condition of our people, demands this. If such an institution can be safely and judiciously connected with the University or with any College already in existence, let it be done, but the scheme of dividing the funds between the University and the Colleges, does not strike us as wise. —EDS. SENTINEL.

The Rights of the South.

The Radical organs grow fiercely indignant over the idea that the South has any constitutional rights. They rant about the crimes of perjury, treason, and rebellion, and ask with triumphant assurance, what rights can men have to participate in a Government against which they have taken up arms? But under the Constitution all that can be claimed about the Southern people is that they are offending parties. The commission of an offence, however, does not debar a man from his political rights. He must be convicted of the crime with which he is charged. Now, the parole of the Southern armies, the repeated protestations of the press, the universal talk of the people, the amnesty proclamation of the Executive, all commit this nation against the prosecution of the great mass of the Southern people. We agreed not to punish if they would return to their allegiance. The abandonment of the purpose to try, to convict, and to punish is a complete reinstallment in their former rights, and Radicals violate the national faith in seeking to impose disabilities now that are retroactive in their nature.—*Nat. Intelligencer.*

The New York "Herald" Canard.

In the "Examiner" of yesterday we published a remote paragraph from the "Herald," stating that there are 15,000 or 20,000 troops in and around Washington. The New York "World" says that there is not a word of truth in the story, and asserts that the whole number of troops in and about that city will not exceed 2,500. The "Times" of Thursday says:

It has been quite frequently stated of late, and is to-day positively reiterated in the Washington correspondence of a New York journal, that there are from 12,000 to 15,000 troops in the forts around Washington and Baltimore, and much speculation is indulged in as to the meaning of the presence of so large a force in this vicinity. The facts are that the entire number of troops in the Department of Washington—which includes the District of Columbia and the State of Maryland, Delaware, West Virginia and Virginia combined—is less than 1,500, all told. Certainly nobody need be alarmed at this force.—*Rich. Examiner.*

The President as Law-Maker.

We are told by the constitutional pundits of the Radical party, that the legislative power of this nation is vested exclusively in the Congress of the United States, and that it is a gross stretch of authority for the President to assume the slightest law-making function. Have not treaties the force of law? and does not the President negotiate them, subject to the ratification of the Senate? Have not the regulations issued by the Departments all the sanction of law? Are not the proclamations of the President and the general orders of the Commander in Chief as binding upon citizens and the courts also as the acts of the Legislature, until they are set aside by competent tribunals? It would be well for these gentlemen to remember that the President is not the mere cipher to which they would reduce him, and that the rights and the duties of the several departments of the Government have been clearly defined by the instrument for which they profess so much reverence, but the obligations of which they are so flatly disregarding.—*National Intelligencer.*

PARIS, Nov. 28.

It is reported that an arrangement has been made, between the Governments of France and United States, that a tract of territory in Mexico shall be devoted to French colonization. It is also stated that an arrangement has been agreed upon, that the French bond-holders shall not be disturbed in their rights.

News of the outbreak in Ireland created great excitement among the Fenians here.

The *Express* this evening says it is understood that there is a full Brigade now all ready for immediate movement. Men meet for drill every night by companies at their rooms or in the fields. The agitation among the Fenians on the streets is intense, and it is very evident that some extraordinary movement is on the tapis for this evening. Meetings will immediately be held at their circles, though their intentions are involved in the deepest secrecy. They evidently mean work and there is no telling what may soon transpire.

Judge Advocate General Holt.

WASHINGTON, Nov. 28.

Judge Advocate General Holt sometime since demanded, under the articles of war, a court of enquiry for the investigation of the various charges which have been made against him, in connection with the Conover testimony, and with his conduct in the prosecution of Mrs. Surratt, and other alleged assassins of President Lincoln. The President declined to order the court on the ground that he does not deem it necessary to the Judge Advocate General's vindication.

C. C. Clay at Fortress Monroe.

FORTRESS MONROE, Nov. 29.

Clement C. Clay and wife arrived here this morning from Baltimore, on a Thanksgiving visit to Mr. Davis and family. Thanksgiving will be appropriately observed to-morrow. A sermon will be preached by the Post Chaplain, and a review of troops will take place.

Our Afternoon Dispatches.

Conover Indicted.

WASHINGTON, Nov. 28.

The Grand Jury of the Criminal Court has found a true bill of indictment against Sanford Conover, *alias* Charles A. Dunham, for forgery. It will be recollected that this is the party who gave evidence before the Judiciary Committee of the House of Representatives, in April, intended to implicate Jefferson Davis in the assassination of the President. The false charges there sworn to by Conover are the grounds of the indictment. Conover is in jail here awaiting trial.

The Fenians.

NEW YORK, Nov. 29.

The *Herald's* special from Toronto, says, the news regarding the contemplated Fenian rising in Ireland has caused intense excitement.

The *Globe Telegraph and Leader* issued extras which were largely purchased. If rumor is true the Fenian movement so far from doing the prisoners under sentence any good, will infinitely harm them, and from the tenor of the London *Time's* article copied to-day in the daily papers, the hopes that were heretofore indulged in by their friends, may prove fruitless.

A special from Montreal says: Arrangements for the removal of the Fenian prisoners from the jail in this city to Sweetsburg are completed. The prisoners will be accompanied by a strong military guard. Fears are entertained or a raid from Vermost to Sweetsburg to release them.—The greatest excitement is manifested in this city over the news of the outbreak in Ireland.

A New and Grand Epoch in Medicine!

DR. MAGGIEL is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so-called) remedies of others, and upon which people have so long blindly depended. Maggil's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disinfectant power of Maggiel's Salve. In fact, it is announced that **Maggiel's Billious, Dyspeptic and Diarrhoea Pills** cure where all others fail. While for Burns, Scalds, Chilblains, Cuts and all abrasions of the skin, **Maggiel's Salve** is infallible. Sold by J. MAGGIEL, 11 Pine St., New York, and all Druggists, at 25 cts. per box.

A New Era In Medicine

☞ Let the Suffering and Diseased read the following.

☞ Let all who have been given up by Doctor and spoken of as incurable, read the following.

☞ Let all who can believe facts and can have faith in evidence, read the following;

Know all men by these presents, That on this, the Twentieth day of June, in the year of our Lord, One Thousand Eight Hundred and Sixty-Six, personally came Joseph Haydock to me, known as such, and being duly sworn, deposed as follows: That he is the sole general agent for the United States, and dependencies thereof, for preparations or medicines known as MAGGIEL'S PILLS and SALVE, and that the following certificates are verbatim copies to the best of his knowledge and belief.

JAMES SMELTER,
L. S. Notary Public,
Wall Street, New York.

June 1, 1866.

DR. MAGGIEL:—I take my pen to write you of my great relief and that the awful pain in my side has left me at last—thanks to your medicine. Oh, doctor, how thankful I am that I can get some sleep. I can never write it enough. I thank you again and again, and am sure that you are really the friend of all sufferers. I could not help writing to you, and hope you will not take it amiss.

JAMES MYERS,
116 Avenue D.

This is to certify that I was discharged from the army with Chronic Diarrhœa, and have been cured by Dr. Maggiel's Pills.

WILSON HARVEY,
New York, April 7, 1865. 27 Pitt Street.

The following is an interesting case of a man employed in an Iron Foundry, who, in pouring melted iron into a flask that was damp and wet, caused an explosion. The melted iron was thrown around and on him in a perfect shower, and he was burnt dreadfully. The following certificate was given to me by him about eight weeks after the accident.

New York, Jan. 11, 1866.

My name is Jacob Hardy; I am an Iron Founder; I was badly burnt by hot iron in November last; my burns healed, but I had a running sore on my leg that would not heal; I tried Maggiel's Salve, and it cured me in a few weeks. This is all true, and any body can now see me at Jackson's Iron Works, 2nd Avenue.

J. HARDY,
119 Georick Street.

Extract from Various Letters:

"I had no appetite; Maggiel's Pills gave me a hearty one."

"Your Pills are marvelous."

"I send for another box, and keep them in the house."

"Dr. Maggiel has cured my headache that was chronic."

"I gave half of one of your pills to my babe for cholera morbus. The dear little thing got well in a day."

"My nausea of a morning is now cured."

"Your box of Maggiel's Salve cured me of noises in the head. I rubbed some of your Salve behind my ears and the noise left."

"Send me two boxes; I want one for a poor family."

"I enclose a dollar; your price is twenty-five cents, but the medicine to me is worth a dollar."

"Send me five boxes of your pills."

"Let me have three boxes of your Salve by return mail."

I have over 200 such Testimonals

As this, but want of space compels me to conclude

THE SENTINEL.

WM. E. PELL, SEATON GALES. } Editors.

Thursday Evening, Nov. 29, 1866.

Repudiation.

We publish to-day a communication signed "Hertford," from a gentleman of age and experience who claims it, on that account, and because both sides should be heard. He disclaims being a repudiator, but urges the arguments and pleas of all the repudiators. We are as deeply interested in the relief of the people as he or any other man can be, yet we have failed to discover the honesty, patriotism or justice which must be obtained by a positive violation of the Constitution of the United States and those sound principles of honor and personal integrity, which are inculcated in the Word of God. We know no "higher law," nor no law of *necessity*, which the Book of Books does not allow.

If the National government at the same time it destroyed our property, forced us to abolish slavery, and to repudiate the State war debt, had absolved every man and State, so forced, from indebtedness, them no complaint could have been urged against individuals for the non-payment of their debts. But the course of the government is no legitimate plea for the non-fulfilment of State or individual obligations whom are able to pay. *If we are not able*, then the question ends; but still as honest people we are obliged to do the best we can. Creditors were as much injured by the results of the war and the action of the government, as debtors. Our losses are general, and are the results of the wise or the foolish course of the Southern States. We determined to take the consequences of revolt, and however unjust or unwise the action of the government may have been, the results are no worse than we were advised they would be, if we failed in our attempt. Hence it strikes us, that upon this plea, our complaints are not legitimate. But look at the consequences, if we attempt repudiation or any course which absolves debtors from just and legal responsibility, without the consent of creditors. Look at the thousands of widows and orphans, entirely innocent as to the war, from whom every vestige of support is to be swept, if we repudiate? If a plan could be devised by which sharpers, shylocks and skinflints could only get their *just* dues, then it might be done, if we could devise an honest or constitutional plan of effecting it.

We repeat what we have often said, our people *must* have indulgence and protection from skylocks, and then the creditors in view of our condition, should be ready to compromise and sympathise with the debtors.

"Gov. Worth's Organ."

The *Standard* has repeatedly called the *Sentinel*, Gov. Worth's organ, and we have as repeatedly denied it. In reply to an article of ours in relation to Hon. John Pool, it again speaks of this paper as Gov. Worth's organ.—We re-affirm what we have often said, the *Sentinel* is an independent journal, and utters editorially the views of its editors only. Whenever we speak, by authority of Gov. Worth or any one else, we invariably say so in direct terms. We know that the most friendly personal relations exist between Gov. Worth and *all* the gentlemen who were voted for for U. S. Senator by the Legislature, and all of them, Mr. Pool included, who were nominated and voted for as Senator, voted for Gov. Worth at the late elections.

We know also that Gov. Worth entertains the highest respect for the loyalty and good sense of the General Assembly, and in its ability to elect proper persons to fill any post in their choice, and, therefore, has not attempted, nor will attempt, to influence their action in the election of any officer. Were he to do so, we should be foremost to condemn his course. He has his opinions and is entitled to them, and will not hesitate to give them when called on, but in no instance has he or will he use the influence of his position, to effect the election of any officer of the State. We are quite sure none of the candidates in this or in any other case, would desire him to act otherwise.

We have just space to say *this* much. At another time, we shall ventilate the *Standard* of to-day, in more particulars than one. Its madness and bad temper and mischievous course, require depletion and the cold water bath.

SOUTHERN OPINION.—The New York *Times* under this head, publishes a most able and interesting letter from Hon. D. L. Swain, of our University to Hon. B. F. Perry of South Carolina, on the proposed constitutional amendment. We shall take pleasure in laying it before our readers as soon as possible.

GREENSBORO FEMALE COLLEGE.—We hope our readers, who are interested in the rebuilding of this institution, did not fail to read the appeal of Rev. A. W. Mangum, in our yesterday's issue. The object of the friends of that institution commends itself to the sympathies of all who are interested in female education in this State.

NEW SCHEDULE.—The reader's attention is called to the new schedule of the Raleigh and Gaston Railroad, by which the passengers are not delayed here now as heretofore. The route North is now unobstructed by delays.

We would specially call the attention of the Post Master General and all concerned to the delay of the Northern mail at this point, some 12 or 14 hours. Now that the R. & G. R. R. connect at night here with the N. C. R. R. mail train, it is manifestly proper that the mail should go on at once, instead of being detained here that length of time.

THANKSGIVING DAY.—The day has been generally observed in this city. The Churches were open for morning service, and the stores and places of business generally closed. Circumstances imperiously prevented a suspension of the *Sentinel* to-day.

State Agricultural Society.

RALEIGH, Nov. 27, 1866.

The N. C. State Agricultural Society met this evening, in the Hall of the House of Commons, at 7 o'clock.

The President, Dr. W. R. Holt, took the chair, and after adverting to the sad causes which had interrupted the annual meeting of the Society and the State Fairs for the past six years, he congratulated the Society upon its present meeting, and spoke of the pleasure it afforded him to meet them again, and the importance of renewed and united efforts, to foster the interests of the Society and restore it to its former prosperity and usefulness. Every man, woman and child in the State, was more immediately interested in the success of the Society than at any former period, and he hoped there would be a corresponding interest manifested by all, and that every county in the State would form auxilliary Societies, and be represented hereafter in our annual meetings. He suggested that measures should be adopted to secure that object, the restoration of the Fair grounds now occupied by the military authorities of the United States, and a sufficient sum to put them in order, and to insure the usual aid extended by the State, viz: $1,500.

There not being a quorum present, on motion of Maj. R. S. Tucker, the by-law requiring annual members to pay $2 was suspended, and all present were invited to become members of the Society, with the privilege of paying the fee at the next annual Fair. A large number responded.

On motion of Gen. W. R. Cox, all the old officers were re-elected by acclamation.

President, Dr. W. R. Holt; Vice Presidents, Dr. E. A. Crudup, S. F. Patterson, R. R. Bridgers and W. B. Wadsworth; Treasurer, Fab. J. Hutchins; Recording Secretary, P. F. Pescud.

The President appointed the following gentlemen to constitute the Executive committee, viz: Gen. W. R. Cox, Maj. R. S. Tucker, J. W. B. Watson, David Hinton, W. R. Pool, D. M. Barringer, of Wake, Dr. J. E. Williamson, of Caswell, Thos. Walton, of Burke, P. E. Smith, of Halifax and J. L. Bridgers of Edgecombe.

The following resolutions were adopted:

On motion of Maj. R. S. Tucker, a committee of five were appointed to confer with the military authorities and to request them to restore the Fair grounds to the Society. Committee, Messrs. Tucker, K. P. Battle, Russ, Cox and W. D. Jones.

On motion of G. W. Whitfield a committee of five gentlemen were appointed to correspond with the Presidents of the several railroads, in the State, on the necessity and importance of reducing the freights on Fertilizers and agricultural implements to the lowest rate practicable, and to report the result as soon as possible to the Executive committee for publication.—Committee, Messrs. S. S. Royster, J. D. Whitford, D. M. Barringer, R. S. Tucker and J. M. Towles.

On motion of G. W. Whitfield,

Resolved, That the Executive committee be instructed to communicate with the chairman of the County Courts in the State, urging them to have their respective counties represented at the annual meetings of the Society by one or more delegates.

Resolved, That a committee of three be appointed to investigate the subject of producing Fertilizers in this State, to be sold to the farmer at a fair remuneration. Committee, Messrs. G. W. Whitfield, D. M. Barringer and J. L. Bridgers.

On motion of Gen. W. R. Cox,

Resolved, That after the committee appointed by the President, to confer with the United States authorities, in relation to the Fair grounds, shall have reported to him, that the same are ready to be re-occupied by the Society, that he appoint two or more discreet and energetic persons in each county, to canvass their counties for the purpose of obtaining the necessary funds for putting the grounds in proper condition.

Resolved, That these parties be requested to report to the Treasurer of this Society (F. J. Hutchins,) as early as practicable, the success of their efforts.

The Society were entertained by interesting addresses from the following gentlemen, viz: The President, Dr. Holt, on the cultivation of the *Grasses*—Improved Mowing Apparatus and other Agricultural Machinery, which he has used with abundant success.

Gen. Cox urged the importance of united and increased efforts,—a liberal contribution of time and money to re-establish the Society and make it the pride of the State. He pledged $50.

Maj. J. P. H. Russ made some remarks in that happy manner peculiar to him, on the pleasure it afforded him to see the Society rejuvenated and re-established on a firm basis, and also pledged $50.

Mr. Woodard said old Edgecombe would rejoice to learn the State Society was re-organized, and arrangements would be made to have an annual Fair at the appointed time, and that no county in the State felt a deeper interest in the success of the Society, or would make more liberal donations to insure it. He also pledged $50.

Mr. G. B. Harris made an extended speech on the folly of any longer relying upon negro labor in the cultivation of the soil, the establishing of manufacturing establishments and the building up of our towns and cities, and urged upon the Society the great necessity and importance of offering inducements to foreigners and other white laborers, to settle in our State, and he hoped measures would be instituted at once to induce them to come without delay.

The Society was much interested in the remarks of Mr. G. W. Whitfield on the subject of Fertilizers, and the necessity of urging the Railroad Companies to put down the price of transportation on them and farming implements. He alluded to the vast amount of shells and salt on our coast, which, at a trifling expense, could be converted into rich manure at a smaller cost, than much that was imported into the State at a higher price. He hoped gentlemen of enterprise would seriously consider the subject and report the success of their experiments at a very early day.

Hon. D. M Barringer enlivened the meeting with some very appropriate remarks in which he exhibited unabated zeal and interest in the welfare of the Society.

There being no further business, the Society, on motion of Maj. Russ, adjourned to meet on 18th October, 1867.

W. R. HOLT, *President*.

MESSRS EDITORS:—You will please allow me a small space in your Daily, through which I wish to communicate a very few thoughts to the public.

It is a fact, well known to the thoughtful and reflecting people of the South, that the late disastrous war has rendered our situation, as a people, anything but enviable. It is generally believed that the present indebtedness of the people of this State is such, that should the effort to collect, on the part of the creditor, be general, the result will be disastrous beyond description. What, then, is the best method to pursue, to ward off the impending bankruptcy of the almost entire community? This is an important question, and one which I should be much pleased to have satisfactorily answered. True, we have what is called a stay-law; but it seems to me the people will be but little benefitted by its operations, for there appears to be a pretty general disposition, on the part of creditors, to rush to the law, for the purpose, (as they say,) of ascertaining what claim is good, and which is insolvent, running the poor helpless debtor to unnecessary costs, which, if the creditor would act wisely, he might, in time, by friendly and judicious management of the debtor apply to his own benefit; thereby not only saving the feelings of the honest debtor, who is trying hard to pay what he owes, but saving the costs to him, which he would doubtless feel glad of having it in his power to pay to his kind creditor. If there were that amount of human kindness in the bosom of our fellow man, that would enable him to extend to his unfortunate fellow the principles of the golden rule, bad as our situation is admitted to be, I entertain not a doubt, that by the energy and industry of our people being brought to bear upon the limited resources which have been left them by our late struggle for independence, they would in a few short years be enabled to meet all their liabilities. But in the absence of even a slight hope that the pure milk of human nature is covering the veins of many of our bond-holders, what will the people do? Echo answers *what!*

The most unobservant must see, that if these hungry money lovers, and heartless worshipers at the shrine of mammon, are allowed to prosecute their designs, the entire country, save the few who have been more fortunate than the masses, will be utterly bankrupt. Witness, for instance, the situation of the good people of Alabama and South Carolina at this time. Men there, who, prior to the war, were wealthy, saved nothing in the general wreck but their lands, which have recently been sold from them by the Sheriff, at not, perhaps, one hundredth part of the amount paid for them in better times. These are facts sad to contemplate.

There has been a good deal said, recently, about repudiation. This I am opposed to on principle. I believe it to be unconstitutional, and therefore oppose it, but if no other means can be obtained at the hands of the creditor, if he is not willing to compromise with his honest and willing-to-pay debtors, if it were in his power to do so, I say make him loose the entire debt, and for the following reasons, to wit: I said I was opposed to it, and so I am, if I can do any better. If I am not mistaken, Mr. Lincoln, late President of the United States, in his first inaugural address to the two Houses of Congress, said "he had nothing to do with the institution of slavery in the States where it existed," &c. Why did he say this? Evidently because he knew the Constitution of the United States forbade it. The fundamental law of the land was at war with such an idea. Why, then, did he issue his proclamation, saying to the world that slavery should be abolished at a time therein specified? He had, as above stated, ignored its constitutionality. He said it became a *military* necessity, and to save the Union, he took from us of the South our property, thereby placing it out of our power to pay our debts, which were honestly contracted and upon the credit or faith of that very property, which he has thus summarily divested us of. Now, Messrs. Editors, I think there is, to say the least, some plausibility in the idea, that we have arrived at such troubulous times, that although we ignore its constitutionality with all our hearts, we see a *pecuniary* necessity for repudiation.

The United States Constitution is but a bit of parchment, containing, what used to be honored by us all, but now, alas! with many it seems to have become a dead letter. This being the case, I have arrived at the conclusion that the State of North Carolina has as much right to set aside the teachings of her constitution for the time being, for specific purposes, as has the Congress of the United States to set aside that of the nation. Let us, therefore, act upon the policy of the late President, and if the creditors cannot be brought to reasonable terms with the honest and willing-to-pay debtor, let us make him lose the whole debt. The people are "the many headed" monster,—*they* make constitutions and they make laws. Something must be done and that soon, or our people are ruined. For one, I am willing to any plan that can be adopted for the relief of the masses.

THE SENTINEL.

Thursday Evening, Nov. 29, 1866.

LOCAL DEPARTMENT.

NEW ADVERTISEMENTS.—R. B. Andrews & Co, it will be seen, are constantly receiving goods in their line. They are enterprising and willl meet all demands upon them promptly.

Notice Col. Bingham's advertisement, who can well recommend a lady teacher, and so can we.

Mordecai Sears, of Chatham, again advertises his stolen horse.

The annual Musical Institute under the charge of Prof. Wilson will be opened on the 1st of Feb. 1867. It will be well patronized no doubt.

Thos. Smith, merchant, Petersburg, advertises unprecedented goods.

Goldsboro' Female College now under successful operation under the charge of Rev. S. M. Frost, will form new classes the 1st. of January. It is an excellent institution.

Application will be made for a charter for Rocky Mount Manufacturing Company and also for a charter for Kittrells Springs Female College, during the present Legislature.

The President of the Wilmington & Manchester R. R. notifies bondholders that interest due on certain bonds will be paid by Messrs. Jessup & Co. New York. See advertisement.

W. T. Plummer & Co. Petersburg, offers for sale a fine lot of Buggy Wheels.

Remember that the Griswold Hotel property at Goldsboro, will be sold on the 1st of Jan.

THE BASE BALL MATCH GAME.—This game is in progress while we write. We shall not be able to report the result this evening, yet we should not be surprised if the "Pioneer" Club is again victorious. We learn that a dinner is to be given by the "Pioneer"Club at the Yarborough House this evening. Mr. Riddick, the host, will no doubt do himself and the ancient fame of the House, full credit.

P. S. The latest news from the game is, that the Chapel Hill Club, is ahead.

Dr. Gardner, whose card has appeared in our columns for some time is in the city, and a number of persons with diseased eyes and difficult hearing are calling on him we learn.

COUNTY COURT.—This Court has been in session during the week. A number of cases have been disposed of.

The Court met this morning for the purpose of examining into the condition of the County jail and making some arrangement for the prisoners, it being reported that a case of Small Pox had broken out. Having transacted this business, the Court adjourned over to pay a proper respect to the day, it having been set apart by the President of the U. S. and the Governor of this State, as a day of thanksgiving and prayer.

We are glad to state, that Dr. McKee, and Dr. Westmoreland, of the U. S. army, made a thorough examination of the reported case of Small Pox, and found it to be aggravated erysipelas. The Court has ordered the jail to be thoroughly cleansed, and then white-washed once a month until further orders. Crime has increased to such an extent in this community, that the jail arrangements are not sufficient, and the old Court system is totally inadequate to meet the requirements.

CORRECTION.—A. C. Latham, Esq., the member from Craven, was reported in the ballotings of Tuesday for U. S. Senator, in the House, as having voted for Hon. W. N. H. Smith on the fourth and fifth ballots. This is incorrect.—Mr. Latham voted on both ballots for Judge Manly, but on the fifth ballot after voting, changed his vote to Mr. Smith.

Dr. J. H. Baker, of Edgecombe, is reported as Mr. Latham was. This is also incorrect. He voted precisely as Mr. Latham did.

THE LAST NINETY DAYS OF THE WAR IN NORTH CAROLINA, by CORNELIA PHILLIPS SPENCER. New York, Watchman Publishing Company, W. H. Chase, Publishing Agent, 1866.

This is the title of one of the neatest and most interesting volumes we have seen for many days, from any of the presses of the country.

It was originally published in part, by its accomplished authoress, Mrs. Spencer, of Chapel Hill, of this State, in the form of letters, and published in that excellent weekly, "The Watchman," of New York, edited by Rev. Dr. Deems. Through the urgent solicitations of friends, she was induced to revise and enlarge it, and finally consented to its publication in this form. The Editor, Rev. Dr. Deems, has added several notes, embracing important facts.

It is a most thrilling and eloquent narrative of those "piping times," so full of suffering and gloom to our distressed people. It is moreover truthful, as thousands can testify, and she has attested her statements by most important and interesting documentary evidence. It is a most valuable and timely contribution to Southern literature. We shall be greatly mistaken, it the entire edition is not sold off in a few weeks, and that the people of North Carolina alone, will call for another speedily. Indeed, the events which it narrates and the style of the book, it seems to us, will make the demand very great, requiring not only a still more durable edition, but one gotten up in the cheap popular style of a novel, to be read by travellers everywhere. This edition is almost faultless.

This copy is rendered the more acceptable to us, by the fact, that it has been sent us by our excellent friends, Messrs. E. J. Hale & Son, late editors of the Fayetteville *Observer*, but now wholesale Booksellers and Stationers, 490 Broadway, New York, who are prepared to furnish single copies of the book, by mail, postage paid, at $1,50, or who will supply the trade on liberal terms to any amount for cash. Indeed, the Messrs. Hale are prepared to furnish any book, or article in their line, at short notice.

For the Sentinel.

Agricultural Scrip.

MESSRS. EDITORS:—The policy proposed by "Equity" for the disposal of the fund for Agricultural Education in N. C. will result in filling North Carolina with one-horse Colleges, as it has resulted in other States in our country. So that any Methodist in North Carolina who wants a proper education as a farmer, will have to resort to other States to secure it. With the utmost economy, and by giving the whole of the money realized by selling the lands given by Congress to one institution, already furnished with buildings, Libraries and apparatus, the intion of Congress will be barely fulfilled. The policy for the Legislature is clearly to give the money in one mass to one Institution, either to one of those already existing, or one to be yet created. When Holland and Prussia had been exhausted by long and awful wars, they each established one first-rate Institution, whereat the mind of the Nation might be thoroughly cultivated. Let North Carolina take a lesson from the exceedingly brilliant success of this policy. UNITY.

It strikes us, that the true policy of the Legislature is to let the scrip remain unappropriated at present. Its present value is not one halt what it ought to be, and what it will be in a few years. Further, we do not believe that the objects of the Congress can be carried out properly, by dividing the scrip among the several Colleges of any State. We judge that the design of Congress was the establishment of one Agricultural and Mechanical School where these arts, as well as other literary and scientific subjects, shall be taught thoroughly, scientifically—theoretically and practically. Hence the lands, and grounds of the institution should be good and capable of the highest improvement, conveniently located on one of the great thoroughfares of the State, of easy access to all persons and to the markets of the world. We, therefore, doubt the policy of attempting in this country, to connect *directly* such a design, with any purely literary institution whatever. If the expectation is, that the students shall learn to labor practically at farming and mechanics, the attempt to mix them with purely literary students would be a failure.

The subject, however, is one which requires the exercise of much thought, and the soundest discretion and wisdom; and we therefore suggest that nothing should be done hastily or unadvisedly. We believe that it is the interest of the State to foster the University and every College and Seminary in the State; that we should never stop until our University shall be made a *University* in all respects, and *the best in the land*, and that every College and Seminary should be made to equal and exceed, if possible all others. This will require time and labor and the encouragement of the State.

But in regard to the "agricultural scrip," we believe it should be appropriated to the founding of one great institution, if possible, where the young men of the State can be thoroughly instructed in agriculture and mechanics, as well as in all the essentials of a liberal literary education. The great change in the domestic condition of our people, demands this. If such an institution can be safely and judiciously connected with the University or with any College already in existence, let it be done, but the scheme of dividing the funds between the University and the Colleges, does not strike us as wise. —EDS. SENTINEL.

The Rights of the South.

The Radical organs grow fiercely indignant over the idea that the South has any constitutional rights. They rant about the crimes of perjury, treason, and rebellion, and ask with triumphant assurance, what rights can men have to participate in a Government against which they have taken up arms? But under the Constitution all that can be claimed about the Southern people is that they are offending parties. The commission of an offence, however, does not debar a man from his political rights. He must be convicted of the crime with which he is charged. Now, the parole of the Southern armies, the repeated protestations of the press, the universal talk of the people, the amnesty proclamation of the Executive, all commit this nation against the prosecution of the great mass of the Southern people. We agreed not to punish if they would return to their allegiance. The abandonment of the purpose to try, to convict, and to punish is a complete reinstallment in their former rights, and Radicals violate the national faith in seeking to impose disabilities now that are retroactive in their nature.—*Nat. Intelligencer.*

The New York "Herald" Canard.

In the "Examiner" of yesterday we published a remote paragraph from the "Herald," stating that there are 15,000 or 20,000 troops in and around Washington. The New York "World" says that there is not a word of truth in the story, and asserts that the whole number of troops in and about that city will not exceed 2,500. The "Times" of Thursday says:

It has been quite frequently stated of late, and is to-day positively reiterated in the Washington correspondence of a New York journal, that there are from 12,000 to 15,000 troops in the forts around Washington and Baltimore, and much speculation is indulged in as to the meaning of the presence of so large a force in this vicinity. The facts are that the entire number of troops in the Department of Washington—which includes the District of Columbia and the State of Maryland, Delaware, West Virginia and Virginia combined—is less than 1,500, all told. Certainly nobody need be alarmed at this force.—*Rich. Examiner.*

The President as Law-Maker.

We are told by the constitutional pundits of the Radical party, that the legislative power of this nation is vested exclusively in the Congress of the United States, and that it is a gross stretch of authority for the President to assume the slightest law-making function. Have not treaties the force of law? and does not the President negotiate them, subject to the ratification of the Senate! Have not the regulations issued by the Departments all the sanction of law? Are not the proclamations of the President and the general orders of the Commander in Chief as binding upon citizens and the courts also as the acts of the Legislature, until they are set aside by competent tribunals? It would be well for these gentlemen to remember that the President is not the mere cipher to which they would reduce him, and that the rights and the duties of the several departments of the Government have been clearly defined by the instrument for which they profess so much reverence, but the obligations of which they are so flatly disregarding.—*National Intelligencer.*

News of the outbreak in Ireland created great excitement among the Fenians here.

The *Express* this evening says it is understood that there is a full Brigade now all ready for immediate movement. Men meet for drill every night by companies at their rooms or in the fields. The agitation among the Fenians on the streets is intense, and it is very evident that some extraordinary movement is on the tapis for this evening. Meetings will immediately be held at their circles, though their intentions are involved in the deepest secrecy. They evidently mean work and there is no telling what may soon transpire.

Judge Advocate General Holt.

WASHINGTON, Nov. 28.

Judge Advocate General Holt sometime since demanded, under the articles of war, a court of enquiry for the investigation of the various charges which have been made against him, in connection with the Conover testimony, and with his conduct in the prosecution of Mrs. Surratt, and other alleged assassins of President Lincoln. The President declined to order the court on the ground that he does not deem it necessary to the Judge Advocate General's vindication.

C. C. Clay at Fortress Monroe.

FORTRESS MONROE, Nov. 29.

Clement C. Clay and wife arrived here this morning from Baltimore, on a Thanksgiving visit to Mr. Davis and family. Thanksgiving will be appropriately observed to-morrow. A sermon will be preached by the Post Chaplain, and a review of troops will take place.

Markets and Financial.

NEW YORK, Nov. 28, P. M.

Gold closed at 141¼. The money market closed very easy at 5@6 on call, and there was more disposition to discount prime business paper at those rates. To-morrow will be observed as a holiday, business generally will be suspended. Cotton declined ¼@1 cent, sales to-day, 1200 bales. Uplands 34½, Orleans 36.—Flour dull 20@30 cents lower, Southern 11,60@16,25. Wheat dull 2@4 lower. Corn heavy 3@6. Beef heavy. Pork heavy, and lower, mess 22,12, prime 20,50. Lard quiet. Whiskey dull. Groceries dull. Naval stores quiet, Turpentine 72½@73½, Rosin 4,50@10, Petroleum dull. Tallow quiet. Freight firmer.

Our Afternoon Dispatches.

Conover Indicted.

WASHINGTON, Nov. 28.

The Grand Jury of the Criminal Court has found a true bill of indictment against Sanford Conover, *alias* Charles A. Dunham, for forgery. It will be recollected that this is the party who gave evidence before the Judiciary Committee of the House of Representatives, in April, intended to implicate Jefferson Davis in the assassination of the President. The false charges there sworn to by Conover are the grounds of the indictment. Conover is in jail here awaiting trial.

The Fenians.

NEW YORK, Nov. 29.

The *Herald's* special from Toronto, says, the news regarding the contemplated Fenian rising in Ireland has caused intense excitement.

The *Globe Telegraph and Leader* issued extras which were largely purchased. If rumor is true the Fenian movement so far from doing the prisoners under sentence any good, will infinitely harm them, and from the tenor of the London *Time's* article copied to-day in the daily papers, the hopes that were heretofore indulged in by their friends, may prove fruitless.

A special from Montreal says: Arrangements for the removal of the Fenian prisoners from the jail in this city to Sweetsburg are completed. The prisoners will be accompanied by a strong military guard. Fears are entertained or a raid from Vermost to Sweetsburg to release them.—The greatest excitement is manifested in this city over the news of the outbreak in Ireland.

A New and Grand Epoch in Medicine!

DR. MAGGIEL is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so-called) remedies of others, and upon which people have so long blindly depended. Maggil's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disinfectant power of Maggiel's Salve. In fact, it is announced that **Maggiel's Billious, Dyspeptic and Diarrhoea Pills** cure where all others fail. While for Burns, Scalds, Chilblains, Cuts and all abrasions of the skin, **Maggiel's Salve** is infallible. Sold by J. MAGGIEL, 11 Pine St., New York, and all Druggists, at 25 cts. per box.

The Louisville *Journal* says: "The testimonials which Dr. Gardner presents to the public could never have been obtained, except by the display of great skill and learning in his profession. One thing especially commendable in the Doctor's practice is, that he will not attempt an incurable disease for the sake of a fee, but frankly tells the patient whether he can be cured or not. We cheerfully recommend Dr. Gardner to the attention of all our friends who may be suffering from diseases of the eye or ear.

The Richmond *Times* says: We have no hesitation in saying that Dr. Gardner is the most scientific and successful eye and ear Surgeon in this country.

"Dr. Gardner's treatment of the eye and ear is wonderful."—*Richmond Enquirer.*

"We feel justified in recommending Doctor Gardner to those suffering from diseases of the eye and ear."—*Richmond Whig.*

A New Era In Medicine

☞ Let the Suffering and Diseased read the following.

☞ Let all who have been given up by Doctor and spoken of as incurable, read the following.

☞ Let all who can believe facts and can have faith in evidence, read the following:

Know all Men by these presents, That on this, the Twentieth day of June, in the year of our Lord, One Thousand Eight Hundred and Sixty-Six, personally came Joseph Haydock to me, known as such, and being duly sworn, deposed as follows: That he is the sole general agent for the United States, and dependencies thereof, for preparations or medicines known as MAGGIEL'S PILLS and SALVE, and that the following certificates are verbatim copies to the best of his knowledge and belief.

JAMES SMEITER,
L. S. Notary Public,
Wall Street, New York.

June 1, 1866.

DR. MAGGIEL:—I take my pen to write you of my great relief and that the awful pain in my side has left me at last—thanks to your medicine. Oh, doctor, how thankful I am that I can get some sleep. I can never write it enough. I thank you again and again, and am sure that you are really the friend of all sufferers. I could not help writing to you, and hope you will not take it amiss.

JAMES MYERS,
116 Avenue D.

This is to certify that I was discharged from the army with Chronic Diarrhœa, and have been cured by Dr. Maggiel's Pills.

WILSON HARVEY,
New York, April 7, 1865. 27 Pitt Street.

The following is an interesting case of a man employed in an Iron Foundry, who, in pouring melted iron into a flask that was damp and wet, caused an explosion. The melted iron was thrown around and on him in a perfect shower, and he was burnt dreadfully. The following certificate was given to me by him about eight weeks after the accident.

New York, Jan. 11, 1866.

My name is Jacob Hardy; I am an Iron Founder; I was badly burnt by hot iron in November last; my burns healed, but I had a running sore on my leg—that would not heal; I tried Maggiel's Salve, and it cured me in a few weeks. This is all true, and any body can now see me at Jackson's Iron Works, 2nd Avenue.

J. HARDY,
119 Gaurick Street.

Extract from Various Letters:

"I had no appetite; Maggiel's Pills gave me a hearty one."

"Your Pills are marvelous."

"I send for another box, and keep them in the house."

"Dr. Maggiel has cured my headache that was chronic."

"I gave half of one of your pills to my babe for cholera morbus. The dear little thing got well in a day."

"My nausea of a morning is now cured."

"Your box of Maggiel's Salve cured me of noises in the head. I rubbed some of your Salve behind my ears and the noise left."

"Send me two boxes; I want one for a poor family."

"I enclose a dollar; your price is twenty-five cents, but the medicine to me is worth a dollar."

"Send me five boxes of your pills."

"Let me have three boxes of your Salve by return mail."

I have over 200 such Testimonals

As this, but want of space compels me to conclude.

P. F. PESCUD AGENT FOR RALEIGH, FOR

ÆTNA LIFE INSURANCE CO., OF HARTFORD, CONN.

W. H. CROW,

General Agent,

For the State of North Carolina, Petersburg, Va., and surrounding Counties.

IN addition to the loss and prompt payment of Justus Kinseys policy for $5,000, is now added another loss, by the death of J. E. Weeks, of Elizabeth City, N. C. for $5,000, and again promptly settled by the Ætna.

By this practical illustration of the advantages of Life Insurance, it is commended to the confidence and support of every one desirous of providing for surviving loved ones.

As an investment merely, a Life Insurance Policy is as safe an investment of funds as can be made.—The principal, generally, is not only many times in excess of the amount paid, but in a sound company it has no rival for security, and no species of Government bonds are a more desirable investment.
